STATE OF UTAH. }  
County of Salt Lake } ss.

Shana D. Conaty

BEFORE THE BOARD OF OIL, GAS AND MINING  
DEPARTMENT OF NATURAL RESOURCES  
in and for the STATE OF UTAH

ORDER TO SHOW CAUSE  
NO. ACT/023/005

IN THE MATTER OF THE APPROVAL OF THE NOTICE OF  
INTENT AND RECLAMATION PLAN SUBMITTED BY  
MIDCO INC., HORNET AND SHE MINE, JUAB COUNTY,  
UTAH.

THE STATE OF UTAH TO ALL OPERATORS, TAKERS  
OF PRODUCTION, MINERAL AND ROYALTY OWNERS,  
AND PARTICULARLY ALL PERSONS INTERESTED IN  
TOWNSHIP 12 SOUTH, RANGE 18 WEST, SLBM, JUAB  
COUNTY, UTAH.

Notice is hereby given that tentative approval was given  
to Midco Inc. by the Utah Division of Oil, Gas and Mining, to  
commence surface tungsten mining on portions of Section 28,  
Township 12 South, Range 18 West, Juab County, Utah. The  
name of the mine is the Hornet and She Mine, and the person  
representing the company in this matter is Mr. Kenneth D.  
Westwood, Midco Inc., P.O. Box 1448, Provo, Utah, 84601.

Midco Inc. has fulfilled obligations under the Mined Land  
Reclamation Act of 1975 (Section 40-8, U.C.A., 1953, as amend-  
ed) and will employ the following mining and reclamation  
techniques on 20 acres which will comprise the land affected.  
Legal access to the land affected is by unpatented mining  
claims.

## MINING AND RECLAMATION PLAN:

1. Mining will be conducted in a safe, orderly, and  
minerlike fashion.
2. Surface trenching will be done with a track-mounted  
backhoe. Trenches will be dug 20 feet wide by 50 feet  
long by 7 feet deep in a series. The top three-four feet  
of overburden will be stockpiled alongside the trench.
3. After removal of four feet of ore from the trench,  
the three-four feet of overburden will be returned to  
the trench.
4. The present land contour is a side hill sloped at 15 to  
30 degrees. The trenching will occur on approximately  
15 acres of previously disturbed land containing  
trenching and drill roads. Approximately five acres of  
undisturbed land will be disturbed. Topsoil from this  
five acres will be conserved for later use in revegeta-  
tion.
5. After operations, extraneous debris, scrap metal  
and wood, will be removed from the surface of the  
site.
6. Upon completion of the cut and fill trenching opera-  
tion, the area will have achieved the final postmining  
land configuration. The area will then be prepared,  
revegetated and monitored until 70 percent of the 15  
percent vegetative cover is achieved. When a vegeta-  
tive cover of 10.5 percent has been met, the bond will  
be released, in accordance with Rule M-10 (12).

Reclamation performance surety will be posted prior to  
final approval of the plan.

Any person or agency aggrieved by this tentative decision  
is hereby requested to submit written protest within 30 days  
from October 9, 1980, to the Division of Oil, Gas and Mining,  
1588 West North Temple, Salt Lake City, Utah, 84116, setting  
forth factual reasons for his or her complaint, and thereafter,  
at a time and place heretofore established, appear before the  
Board of Oil, Gas and Mining, to show cause, if any there be,  
why this plan should not be approved.

DATED this 1st day of October, 1980.

STATE OF UTAH  
BOARD OF OIL, GAS AND MINING  
PAULA FRANK  
Secretary of the Board

B-22

Being first duly sworn, deposes and says that he is legal ad-  
vertising clerk of THE SALT LAKE TRIBUNE, a daily news-  
paper printed in the English language with general circula-  
tion in Utah, and published in Salt Lake City, Salt Lake  
County in the State of Utah, and of the DESERET NEWS  
a daily (except Sunday) newspaper printed in the English  
language with general circulation in Utah, and published in  
Salt Lake City, Salt Lake County, in the State of Utah.
